*Brandon MacKinnon,
Business Manager
LiUNA Local 1059*

Dear Members,

As we head from summer into fall, contributed construction hours continue to hold steady despite work recently slowing down in a number of sectors. Due to high interest rates, residential construction – specifically single-family homes – has slowed as developers, home builders, and home buyers wait for a sign that rates will stabilize. Fortunately, because our organization and the work we perform is so diverse, members have been able to find jobs in busier sectors.

The Local continues to grow and expand. To make room for this growth, we've successfully obtained an Apprentice Capital Grant from the provincial government worth \$830,000. The funds will be used to cover a significant renovation in our Training Centre that will unlock extra classrooms and training space.

The Local has also applied to the province's Skills Development Fund for potential funding that would allow us to build a northern satellite office and Training Centre to serve members and signatory contractors in Huron, Perth, Grey, and Bruce counties. We are hoping to receive positive news about our application in the coming months.

The Local is constantly trying to bring awareness to the skilled trades and the great career opportunities

they provide. We hosted our first annual LiUNA Local 1059 Trades Awareness Day in May. Community members from London and the surrounding area attended the event to learn more about the education and experiences our Local has to offer. The event was successful, directly resulting in the recruitment of new apprentices and new skilled members.

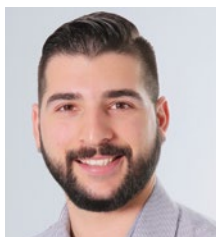

The Local's three charity golf tournaments were also very successful this summer, raising a total of \$212,000 for United Way branches in Southwestern Ontario. To accommodate high demand, next year's employer/industry tournament in London will grow to include two simultaneous events. Local 1059 has now donated nearly \$2 million to the United Way over the past 23 years. We should be proud of the significant impact this money will have in the communities we work and live in.

Finally, on behalf of the Local's staff and its entire Executive Board, I want to reiterate how grateful we are to represent your interests day in and day out. We have the best, most skilled workforce in the region, hands down. We are proud to work on your behalf to continue to grow and strengthen this great Local.

All my best,

Brandon MacKinnon
Business Manager

Nathan Moniz

A significant grievance filed against EAN Construction Group Limited was successfully settled in August. The company had failed to pay members for their pension, benefits, and training remittances, among other obligations. As part of the settlement, all affected members will be made whole. In total, Local 1059 will recover more than \$180,000.

Hernandez Construction, one of our newest signatory employers, has signed a Voluntary Recognition Agreement that will ensure their required labour force specializing in demolition and asbestos abatement is supplied by Local 1059. This agreement represents an acknowledgement from Hernandez Construction that our members are essential to the growth of the company.

Perry Thomas

Local 1059 has recently certified The Restorers Group Inc. and negotiations are ongoing to finalize a collective agreement allowing our members to perform more work in the restoration sector.

We have also ratified a historic collective agreement with **Foundation Building Materials** that includes a 12.4 per cent wage increase over the next three years, as well as other language that will benefit the overall health and well-being of the bargaining unit.

Dani Bartlett

Our industrial sector has been busy bargaining with employers this summer. Thanks to many hard-working teams, we have ratified deals for workers with the following companies:

- C&W Services (Cleaners at Children's Aid Society in London)
- GDI (Cleaners at 3M in London)
- Commercial Cleaning Services (Custodians at high schools in Strathroy)
- Double M&M (Cleaners in Sarnia)
- Toure – (Custodians at W. Ross Macdonald School in Brantford)
- Dexterra - (Building maintenance workers at Century Centre in London)
- Metropolitan Maintenance – (Cleaners at Pall Mall in London)
- GDI - (Cleaners at White Oaks Mall in London)

We will continue working hard to get fair deals at the following locations. Please support these members as we bargain:

- Commercial Cleaning Services - (Custodians at Kettle Creek, Springfield, West Lorne, Monsignor Morrison, and South Dorchester public schools)
- GDI (Cleaners at City Centre in London)
- Commercial Cleaning Services - (Cleaners at provincial government buildings in London)
- Toure - (Custodians at Robarts School for the Deaf in London)

We are extremely concerned about the loss of work at The Table and Chair Company, a long-standing London furniture store now going out of business as its owner retires. We're fighting on behalf of 18 employees for a fair closure agreement that honours over 169 years of collective labour. Local 1059 will support these workers with whatever comes next.

In the fall, we're going back to the table to bargain deals for the following locations:

- Commercial Cleaning Services - (Custodians at St. Joes and North Middlesex secondary schools)
- Precise Janitorial (Arva)
- Metropolitan Maintenance – (City Wide and Bell buildings in London)
- A-plus – (Cleaners for London social housing units)
- JA – (Cleaners at the Omni building in London)
- ServiceMaster - (Cleaners at various City of London sites)
- GDI - (Cleaners at One London Place)

Danny De Sousa

Two grievances with L-82 Construction related to subcontracting violations have been successfully settled this summer.

L-82 violated its collective agreement with Local 1059 in June when the company hired a non-unionized contractor for a job in northwest London without providing any supporting evidence that it was unable to secure a union contractor for the work.

A second grievance was filed a month later after L-82 again subcontracted utility work to a non-unionized company, this time for work on a project in south London, without providing proper justification.

L-82 has agreed it violated the collective agreement in both cases and has paid \$10,000 in total damages. L-82 has also agreed to notify a minimum of four Local 1059 signatory contractors when subcontracting utility work in the future, in accordance with its collective agreement with the union.

Josh Stewart

Joe Calvo

Three grievances in the Utilities sector have been successfully settled over the past several months.

Earlier this year, Local 1059 settled a grievance against **Ramkey Communications** in the amount of \$20,000. Ramkey had been using non-members to perform work covered by a collective agreement.

Minutes of settlement were reached following a grievance against **Aecon Gas** this summer, also for using non-members to perform work covered by a collective agreement.

Local 1059 negotiated a settlement with **Metro Infrastructure** after the company violated the collective agreement by submitting late remittances for union members. Nearly \$25,000 was recovered by the settlement.

In addition to the successful grievances, the union is glad to announce that **Tdot Group** has signed a Voluntary Recognition Agreement ensuring their required labour force is supplied by Local 1059.

Also this summer, **GTel** locates and **Krene Utility Locate Services** were certified in board area 28 by the Ontario Labour Relations Board. GTel is a 16-member unit and Krene is a six-member unit.

Ontario providing free training for construction workers

Three brand new, government-funded projects will help more than 2,000 women and young people across Ontario prepare for careers in the construction trades, officials say.

According to an announcement at the beginning of August, the Provincial Building and Construction Trades Council of Ontario will lead all three projects with \$3.6 million in funding from the provincial government.

The first project will help 700 tradeswomen gain the leadership, communications, health and safety training, and networking opportunities they need to start and advance rewarding careers in the industry.

The second project will provide 1,500 people with access to online resources and training tools so they can explore the skilled trades, build core skills, and find apprenticeship opportunities in their profession of choice.

The third project is an expansion of the PBCTCO's Tomorrow's Trades program to London and Ottawa, where over 60 at-risk students are expected to benefit from hands-on learning, behind the scenes access to high-profile construction projects, and training. The program has previously run in Toronto, Hamilton, and Sudbury ■

Ontario doubling career fairs to help more young people enter skilled trades

Level Up! — a series of multi-day career fairs focused on the skilled trades — will be expanding to more cities across Ontario over the next several months, the provincial government has announced.

Launched last year, the province-wide career fairs are expected to attract over 25,000 students in grades 7 to 12, as well as parents and jobseekers. Each event is an opportunity to learn about Ontario's 144 skilled trades and hear from local tradespeople and employers.

Experts have estimated that Ontario will need over 100,000 new skilled trades workers if the province wants to meet its ambitious housing targets over the next decade. Local 1059 is looking forward to attending London's Level Up! career fair Nov. 1 - 2 at the Western Fair District's pavilion ■

Ontario providing free job training for at-risk workers in London

Four new government-funded training projects will help hundreds of local job seekers and students prepare for meaningful jobs in London and the surrounding region, officials say.

Led by Over 55 London, Youth Opportunities Unlimited, Pathways Employment Help Centre and WePrep Inc., the programs are designed to prioritize at-risk youth and job seekers over the age of 55 — groups traditionally shut out of the job market.

Nearly 400 jobseekers and 2,300 students are expected to benefit from the programs, gaining skills for careers in construction, manufacturing, property maintenance, hospitality, retail, and other in-demand industries.

Participants will have the chance to explore a range of employment and training options through hands-on training, apprenticeships, on-the-job learning, and financial literacy courses. The financial literacy courses run by We Prep Inc. will be hosted at the Local 1059 Training Centre on Wilton Grove Road ■

Province starts pre-development work for new nuclear generation to power Ontario's growth

Bruce Power — one of Local 1059's signatory employers — has launched community consultations and an environmental assessment to determine if it's possible to add up to 4,800 megawatts (MW) of new nuclear generation onto its current site.

The plans were unveiled at a news conference in July when the provincial government announced pre-development work on what could be Ontario's first large-scale nuclear build in over three decades.

Local 1059 business representative Adam Millman attended the event on behalf of the union.

Electricity demand in Ontario is rising for the first time since 2005. Experts at the province's Independent Electricity System Operator have recommended that the province begin planning the development of new long-lead assets, including nuclear power, to meet increasing electricity demand in the 2030s and beyond.

Federal approval is the first step in the process for approving and building new nuclear power generation projects, which could take a decade or longer. A new nuclear station would create thousands of new jobs and generate billions of dollars in economic activity across the province, officials said in July.

"Nuclear power has been the stable backbone of Ontario's clean electricity system for decades, and Bruce Power is ready to play an integral role in addressing the province's future needs," said Mike Rencheck, Bruce Power's president and CEO. "We are starting the federal Impact Assessment process to look at new nuclear generation on our site now, to maximize the future optionality for clean electricity in the province." ■

Increase to Ontario's minimum wage

A reminder that Ontario's new minimum wage — \$16.55 per hour — officially takes effect in October. The bump, announced in March, will make Ontario's minimum wage the third highest in the country. The Yukon's minimum wage is \$16.77 per hour and the federal minimum wage in Canada is \$16.65 ■

Local 1059 increasing training capacity with major \$830K grant

Plans to expand the Local 1059 Training Centre are now underway, beginning with a demolition project being completed by our members at Jobi Construction.

On the second floor of the Training Centre, a crew from Jobi Construction recently began clearing out large pieces of equipment, HVAC, and other infrastructure previously used by the building's former owners.

When they're done, work will continue to transform the roughly 3,500 square-foot area into a brand new classroom and multi-purpose space as well as resource rooms, offices, and washrooms.

Local 1059 has been quickly growing since its move to Wilton Grove Road in 2020.

The ongoing project to expand our training space is fully funded by a \$830,000 Apprenticeship Capital Grant from the provincial government.

The new space is expected to be ready by the summer of 2024.

Stay tuned to our social media feeds for more updates as the project continues ■

Local 1059 opens its doors for first ever Trades Awareness Day

Local 1059's first ever Trades Awareness Day — one of our newest public education and recruitment efforts — roared out of the gates this spring when more than 200 people showed up for interactive tours of the Local 1059 Training Centre.

Organized against the backdrop of Ontario's skilled worker shortage, the open house-style event held on May 27 was designed to encourage potential apprentices and more seasoned workers to consider a career with Local 1059.

Those who attended were able to try their hand at a construction exercise, speak to the union's certified instructors, and learn about the rewarding, in-demand careers that are available to members. Participants also learned about the strong wages, benefits, and pension packages Local 1059 members receive while building and maintaining the communities where we live, work, and play.

Feedback from the event was very positive. Local 1059 also made the news that day, getting coverage in the London Free Press and CTV.

We'd like to thank the London District Concrete Forming Association and the London Sewer and Watermain, Curb, Gutter and Sidewalk Contractors Association for their financial support. We're looking forward to growing this event next year ■

The 2023 Local 1059 James MacKinnon Scholarship Fund Recipients

After receiving a record number of applications this summer, we were very proud to present 27 worthy recipients with scholarship awards to help support their academic endeavours during the 2023-2024 school year.

Now in its fourth year, the Local 1059 James MacKinnon Scholarship Fund is providing financial support to more hard-working Local 1059 members and their dependents than ever. Nearly \$41,000 in scholarships were handed out this year. We are very pleased to help recipients reach their academic goals, paving their way to brighter futures.

Congratulations to all of our 2023-2024 recipients, and best of luck with your studies! We look forward to awarding more deserving recipients next year! ■

Local 1059 raises \$200,000 at 2023 charity golf tournaments

Our 23rd annual charity golf tournaments at FireRock Golf Club on August 11 and 12 were a great success this year. An incredible grand total of \$200,000 was raised between the employer and member tournaments!

With the invaluable support of our membership, signatory employers, and industry partners, we raised \$40,000 more than we did in 2022, inching us even closer to a total of \$2 million raised since the inception of the tournaments 23 years ago!

All funds raised will help empower United Way Elgin Middlesex to further their reach and impact through the many life-affirming programs and services this incredible organization provides within our community.

The champions of Saturday's members' tournament are Matthew Cronin, Connor McAffer, Daryl Sutton, and Manny Silveira. Congrats as well to closest-to-the-pin winner Duncan Greidanus and longest drive winners Jazmine Goddard and Brett Overholt.

We look forward to golfing "fore" a great cause again next year and reaching our \$2 million fundraising milestone! 🏌️‍♂️

Local 1059 members satisfy need for speed

Between July and August, Local 1059 hosted member events at Sauble Speedway and Delaware Speedway as part of our sponsorship agreements with both raceways.

It was great to have members and their families out at the races in both our northern and London regions, and to cheer Local 1059 member Matt Langford on as he took part in the races at Delaware Speedway. Check out a few photos from the two events below!

Make sure you keep your eye on your email and create an account for the official Local 1059 member app to stay in the loop on upcoming member events! ■

Local 1059 Members Bester and Reid REEL IN WINNERS

Local 1059 was proud to return as presenting sponsor of the 35th Annual Owen Sound Salmon Spectacular between August 25 and September 2. This event is one of the most significant annual events within our northern catchment area. We're proud to support our community while also increasing awareness about the many fulfilling opportunities within unionized construction work. In addition to hosting a sponsor tent at the event where we were able to connect with attendees, we ran radio and print ads. We also caught up with a few members who were participating in the derby.

Special mention goes to the Local 1059 members who opened and closed the event on a strong note! Luke Bester won top trout on the opening day, and Derek Reid won top salmon on the final day. Congratulations to you both! ■

Building and Bettering our Communities

Over the past few months, we've been proud to provide support to several of the incredible organizations that work hard to better our communities.

Local 1059 is honoured to be supporting the construction of a new forever home for Humane Society London & Middlesex with a \$25,000 donation. This new facility will help more than double its current capacity and improve day-to-day operations for the staff and volunteers providing important animal welfare services in the London area.

We were also proud to make a \$9,500 gift to Ekcoe Central public school in Glencoe, which will benefit a variety of important projects, including Ekcoe Central's student nutrition program, the replacement of worn-out equipment, welcoming experts in mental and physical health to speak with students, and using new technology to address a literacy gap that teachers have noticed following the pandemic.

We look forward to partnering with Ekcoe Central on educational sessions for students to equip them with knowledge about the fulfilling, well paid, in-demand careers available to them within the skilled trades.

Finally, we're pleased to support the London Children's Museum and their big upcoming move to 100 Kellogg Lane with a donation of \$30,000. Our donation will support the organization's capital campaign as well as a construction-themed exhibit, which will help kids develop hands-on learning.

Local 1059 members also receive discounts on memberships as part of our partnership with London Children's Museum. Stay tuned to our social media accounts for more information following the museum's future grand opening at 100 Kellogg Lane ■

Pre-apprentices lend a helping hand to Local 1059 partners

Our Training Centre is always working hard to provide our pre-apprentices and apprentices with cutting-edge training. Part of this involves outreach projects, which provides trainees with hands-on experience and the satisfaction of seeing a project come full circle from planning to completion while also providing the organizations that give back to our community with upgrades to their infrastructure, free of cost.

In July, pre-apprentices provided upgrades to the LUSO Community Services Community Resource Portable under the guidance of Local 1059 Training Instructors Luke Caranci and Kyle Hodgins. The portable acts as a pick-up site for basic needs, such as emergency food and clothing. Local 1059 pre-apprentices laid a walkway of patio stones, hammered in new shingles, patched a hole in the wall, and prepped a new door, having previously repaired the steps to the portable in 2021.

Our pre-apprentices also expanded the concrete pads at Tricar Field in August under the guidance of Training Instructors Luke Caranci and Andrew Duarte. This project improved conditions for local soccer club FC London, an organization we are also proud to sponsor

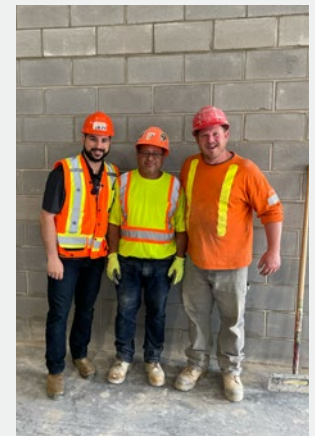

Members on the job

Members from Del-Ko Paving & Construction and K & H Asphalt, Sealing & Striping re-paving The Local 1059 parking lot

Members Mark Michalak (left), Gerry Amaral, and Godwin Ogbeide working on a residential project in London for Old Oak Properties

Steward Juan Hernandez (left) and member Mark Teves of Aecon Utilities looking after Ontario's fibre internet infrastructure

Second annual charity golf tournament in Port Elgin raises \$12K

On July 8, we held our 2nd annual charity golf tournament at Saugeen Golf Club in Port Elgin for members living in our northern regions.

With the help of nearly 100 Local 1059 members we raised a total of \$12,000 to be split between United Way Bruce Grey and United Way Perth Huron. These are the two United Way agencies that provide meaningful supports and services to those who need it most in our northern catchment area. We're proud to lend a hand to the important work each of these agencies do.

A big thank you to each of our members who participated and showcased your community spirit. Congratulations to our winning team: Aaron Bastien, Chris Dwinell, and Jake Breutigam. Congrats as well to closest-to-the-pin winner Robert Palsa and our longest drive winners Katie Thede and Jake Breutigam.

We're proud to have another successful northern tournament in the books, and we look forward to hosting an even more successful tournament in 2024! ■

Just show your union card!</p>		<p>FitWell Clothing 1295 Highbury Ave. N. facebook.com/fitwellclothing</p> <p>NEW DISCOUNT: 10% off dry cleaning and alterations when members show their union card.</p>
	<p>Southwest Marine 70672 Bluewater Hwy N, Grand Bend and 94 London Rd, Hensall southwestmap.com</p> <p>Text #LIUNA to (519) 238-2887 to activate your member-exclusive discount.</p>		

Local 1059 members also receive a 20% discount (30% if it's your birthday) at First Class Mobile Kutz. If you haven't had time to book a haircut, Sebastian will bring his chair to you in his one-of-a-kind mobile barbershop, wherever you are.

To book an appointment, call or text 226-236-9541 and remember to show your union card to unlock the discount.
